

The Japan Society of Applied Physics

# OPTICA

Advancing Optics and Photonics Worldwide

# JSAP-Optica-SPP Joint Symposia 2022

## DATES

September 20(Tue.)-23(Fri.), 2022

## LOCATION

Kawauchi-Kita Campus, Tohoku University (Sendai) & Online

\*will be held as a hybrid meeting.

\*See more details at <https://meeting.jsap.or.jp/english>

## Registration Fees

Category	Early-Bird (until 8/23)	Late
Non-student (Member/Partner Societies*)	12,000 JPY	18,000 JPY
Non-Member	23,000 JPY	30,000 JPY
JSAP Senior Member**	4,000 JPY	7,000 JPY
Student (Speaker /Onsite Participant)	3,000 JPY	5,000 JPY
Student (Online Participant)***	0 JPY	-

\*JSAP's partner societies; American Physical Society (APS), European Optical Society (EOS), European Physical Society (EPS), Institute of Physics (IOP), Korean Physical Society (KPS), OPTICA (formerly OSA), Optical Society of Japan (OSJ), Optical Society of Korea (OSK), Physics Education Society of Japan (PESJ), Physical Society of Republic of China (PSROC), International Society for Optical Engineering (SPIE), Physics Society of the Philippines (SPP), and Taiwan Photonics Society (TPS)

\*\*JSAP members of over 60 years age without a regular job. Need application to become Senior Member.

\*\*\*Students who will be attending without presenting are waived from the registration fee. Must be registered during early bird registration period.

**Register at:** <https://meeting.jsap.or.jp/english/registration>

## Invited Speakers

### Optica Special Lectures

- Satoshi Kawata, Optica President/Founder and Chairman of Nanophoton, Japan
- Gerd Leuchs, Optica Vice President/Max Planck Institute for the Science of Light in Erlangen, Germany

### Plasmonics and Nanophotonics

- Takashi Kumagai, Institute for Molecular Science, Japan
- Yasuaki Kumamoto, Osaka University, Japan
- Yu-Jung Lu, Academia Sinica, Taiwan
- Hiroshi Ujii, Hokkaido University, Japan

### Photonics Devices, Photonic Integrated Circuit and Silicon Photonics

- Ranjan Singh, Nanyang Technological University, Singapore
- Hiroshi Yasaka, Tohoku University, Japan

### Lasers and laser materials processing

- Francois Courvoisier, University of Franche-Comte, France
- Keiichi Nakagawa, The University of Tokyo, Japan
- Johan Nilsson, Southampton University, UK
- Takunori Taira, RIKEN, Japan

### Information Photonics

- Wonshik Choi, Korea University, Korea
- Yuichi Kozawa, Tohoku University, Japan
- Naru Yoneda, Kobe University, Japan
- Wen Qiao, Soochow University, China

### Nanocarbon and 2D Materials

- Il Jeon, Sungkyunkwan University, Korea
- Ryo Kitaura, National Institute for Materials Science, Japan
- Daichi Kozawa, RIKEN, Japan
- Xuedan Ma, Argonne National Laboratory, USA

### Terahertz Photonics

- Elbert Chia, Nanyang Technological University, Singapore
- DaiSik Kim, Ulsan National Institute of Science and Technology, Korea
- Chiko Otani, RIKEN, Japan
- Keiichiro Shiraga, Kyoto University, Japan

### Quantum Optics and Nonlinear Optics

- Yung-Fu Chen, National Yang Ming Chiao Tung University, Taiwan
- Nobuyuki Matsuda, Tohoku University, Japan
- Ryuji Morita, Hokkaido Univ., Japan
- Andrew Shields, Toshiba Europe Ltd, Cambridge, UK
